CLEANER FIELDS. HIGHER YIELDS.®

We take growing wheat seriously. Because you take growing wheat seriously.

Now, more than ever, wheat farmers are the backbone of our nation's food chain. That's why we are so proud to provide superior grassy weed control that produces healthier, higher quality wheat — and lots more of it. When applied at the correct time with recommended rates, CoAXium® Wheat Production System driven by Aggressor® herbicide clears fields of grassy weeds allowing your wheat to thrive with more moisture, sunlight and nutrients. At CoAXium, we take grassy weed control seriously. Because feeding the world is serious business.
